Process Measurement Solutions & Heat Trace Specialists

Nuclear Level / Density,
 Recorders, Air Flow

Sensors / Analyzers

On-Line Analysis for Sulfur, Comb
 Gases, H2S, Environmental, Mass
 Spectrometry

The Heat Trace Specialists

HEATING SYSTEMS:

Process Heaters;
 Immersion Heaters;
 Explosion-proof Heaters;
 Gas Fired Blowers;!
 Environmental Heaters

- Electric Tracing
- Steam Tracing
- Tank Heating
- Controllers
- Instrumentation
- Tube Bundles

POWER SOLUTIONS:

Temporary, Portable, &
 Hazardous Area Power
 Solutions; High Voltage!
 Portable Skids; Turn
 Around Power Solutions

Sample Conditioning
 Systems for Gas & Liquids

Gas Sample Probes

Gas Cooling System
 Condensate Removal
 Condensate / Gas Separators

Thermal and Vortex
 Mass Flow Meters &
 Controllers,
 Ultrasonic Flow Meters,
 Thermal Insertion Meters,
 Flow & Level Switches

Weighing Systems
 Design and
 Manufacture of High
 Performance Solutions
 for Weighing &
 Batching

Total Instrument
 Protection Solutions
 Including Enclosures
 Heaters &
